

House Rules

Check your firearms at the door.

Do not place anything on the playing table except your cards, your chips, and your drink.

Be kind to the dealer and to other players.

Check-raising is acceptable... and encouraged!

I don't play poker in your toilet; please don't pee in my laundry tub.

Please use a beer cooler or coaster under your drink.

No smoking. No spitting. No farting from upwind.

The cards speak for themselves.

Hats and sunglasses are encouraged.

Verbally announce your betting action. No string-raises please.

Keep your cards and chips on the table and in plain view.

Do not bend or mark the cards.

You will be asked (forced!) to deal someday. Learn how to deal.

No cheating! Remember, a Smith & Wesson beats five aces!
